Psychiatrist (6000C) CAPS University Health Services 59844

About Berkeley

At the University of California, Berkeley, we are committed to creating a community that fosters equity of experience and opportunity, and ensures that students, faculty, and staff of all backgrounds feel safe, welcome and included. Our culture of openness, freedom and belonging make it a special place for students, faculty and staff.

The University of California, Berkeley, is one of the world's leading institutions of higher education, distinguished by its combination of internationally recognized academic and research excellence; the

transformative opportunity it provides to a large and diverse student body; its public mission and commitment to equity and social justice; and its roots in the California experience, animated by such values as innovation, questioning the status quo, and respect for the environment and nature. Since its founding in 1868, Berkeley has fueled a perpetual renaissance, generating unparalleled intellectual, economic and social value in California, the United States and the world.

We are looking for equity-minded applicants who represent the full diversity of California and who demonstrate a sensitivity to and understanding of the diverse academic, socioeconomic, cultural, disability, gender identity, sexual orientation, and ethnic backgrounds present in our community. When you join the team at Berkeley, you can expect to be part of an inclusive, innovative and equity-focused community that approaches higher education as a matter of social justice that requires broad collaboration among faculty, staff, students and community partners. In deciding whether to apply for a position at Berkeley, you are strongly encouraged to consider whether your values align with our [Guiding Values and Principles](#), our [Principles of Community](#), and [our Strategic Plan](#).

At UC Berkeley, we believe that learning is a fundamental part of working, and our goal is for everyone on the Berkeley campus to feel supported and equipped to realize their full potential. We actively support this by providing all of our staff employees with up to 80 hours (10 days) of paid time per year to engage in professional development activities. To find out more about how you can grow your career at UC Berkeley, visit grow.berkeley.edu.

Departmental Overview

Under the supervision of the Associate Director Psychiatry, the Psychiatrist has day-to-day responsibility for providing comprehensive Psychiatry assessments and managing psychiatric care for patients referred to Psychiatry in the Student Mental Health setting within the University Health Services (UHS). This may include case management services and urgent response as needed. The Psychiatrist works collaboratively with Student Mental Health staff, other UHS staff, and community providers to coordinate timely, appropriate, and quality patient care. The Psychiatrist provides clinical consultation to Student Mental Health staff and medical staff within UHS on an ad hoc basis. The Psychiatrist performs duties to provide coverage for other Psychiatry colleagues. The Psychiatrist is also responsible for performing various administrative duties including reviewing requests for medical records and documenting all contacts appropriately.

Application Review Date

The First Review Date for this job is: 10/16/2023. The application will remain open until filled.

Responsibilities

Patient Care

The Psychiatrist provides direct patient service including new patient evaluation (emergent, urgent and routine), follow-up care and case management as required. This includes the following:

- Initial intake evaluation for patients referred to psychiatry. An appropriate intake includes the reason for referral, history of present illness, pertinent medical and psychiatric histories, current medications, allergies, trauma and violence histories, substance use history, other pertinent psychosocial history and an appropriate mental status and physical examination.
- Initial evaluation includes formulation based on information obtained in the first appointment, mental health differential diagnosis, treatment plan, and disposition. The treatment plan includes ordering and interpreting diagnostic test(s) as appropriate, recommending therapeutic treatment modalities (including medications), obtaining informed consent prior to initiating treatment(s), providing appropriate psychoeducation, and providing referrals as appropriate. Prior medical and/or mental health records from outside providers will be requested as appropriate.
- Collaboration with all members of the medical and mental health care team throughout treatment
- Monitoring of changes in client's symptoms, mental status, and/or condition and medication side effects as appropriate
- Changes to treatment plan as appropriate
- Monitoring the impact of and relationship to any non-prescribed substances used and collaborating on treatment plan when indicated
- Monitoring for misuse or diversion of stimulant medication and collaborating on treatment plan when indicated
- Requests consultation with colleagues when appropriate

Collaboration and Consultation

The Psychiatrist collaborates in relation to providing direct patient care as above, and acts as a consultant in area of expertise to various clinical disciplines at UHS and the campus at large in the following manner:

- In regard to direct patient care, the Psychiatrist collaborates with all members of the patient care team and consults with colleagues when appropriate (as above)
- The Psychiatrist provides coverage care for clients of colleagues when indicated
- The incumbent provides expert psychiatry consultation regarding patient assessment and

Salary & Benefits

For information on the comprehensive benefits package offered by the University, please visit the University of California's [Compensation & Benefits](#) website.

Under California law, the University of California, Berkeley is required to provide a reasonable estimate of the compensation range for this role and should not offer a salary outside of the range posted in this job announcement. This range takes into account the wide range of factors that are considered in making compensation decisions including but not limited to experience, skills, knowledge, abilities, education, licensure and certifications, analysis of internal equity, and other business and organizational needs. It is not typical for an individual to be offered a salary at or near the top of the range for a position. Salary offers are determined based on final candidate qualifications and experience.

- The budgeted salary or hourly range that the University reasonably expects to pay for this position is \$139,788.19 - \$275,000.00.
- This position is exempt and paid monthly with a to-be-determined FTE of 50%-100%.
- Please note: The posted salary range and benefits are calculated at 100% time and will be

prorated per the final schedule at the offer stage.

How to Apply

To apply, please submit your resume and cover letter.

Diversity Statement

Please include, as part of your application a brief (1-2 paragraph) statement on your contributions to diversity, equity, inclusion, and belonging in your professional experience.

Advancing diversity, equity, and inclusion are fundamental to our UC Berkeley Principles of Community, which states that "every member of the UC Berkeley community has a role in sustaining a safe, caring, and humane environment in which these values can thrive."

Other Information

- Your employment is dependent on obtaining and maintaining a credentialing clearance (if applicable), background clearance and medical clearance according to University Health Service policies.
- This position is governed by the terms and conditions in the agreement for the Student Health Phys & Dentists Unit (DX) between the University of California and the Union of American Physicians and Dentists (UAPD). The current bargaining agreement manual can be found at: <https://ucnet.universityofcalifornia.edu/labor/bargaining-units/dx/index.html>

Conviction History Background

This is a designated position requiring fingerprinting and a background check due to the nature of the job responsibilities. Berkeley does hire people with conviction histories and reviews information received in the context of the job responsibilities. The University reserves the right to make employment contingent upon successful completion of the background check.

Mandated Reporter

This position has been identified as a Mandated Reporter required to report the observed or suspected abuse or neglect of children, dependent adults, or elders to designated law enforcement or social
