Position Summary

This position will be responsible for managing the Fire Extinguisher program for the University as Buffalo campuses and off-campus facilities. This will include overseeing the installation, inspection and replacement of portable fire extinguishers in university facilities. Conducting training classes in the proper selection and use of portable fire extinguishers. Evaluate fire extinguisher locations according to NFPA Standards and the Fire Code of New York State. Oversee the emergency lighting inspection contractor and report deficiencies to Facilities Operations for repair. This position will also be responsible for continuous inspection of University facilities and reporting of safety-related issues for correction.
