Job Description

Working under general supervision with our Research teams in the largest comprehensive university-connected research foundation in the country, you will develop, implement, monitor, coordinate and manage activities to maintain effective operation of a program that requires the theoretical and practical application of a body of highly specialized knowledge. Requires a high level of discretion, judgment, collaboration and initiative to accomplish goals. May include supervisory duties.

Assigned tasks may include:

- Work collaboratively with faculty and professionals to advance the goals of the project
- Observe, collect, analyze data and write summary reports
- Coordinate field and laboratory work
- Develop and maintain databases
- Orient, train and monitor others assigned to projects
