- Temporarily perform the duties and responsibilities of the Director of Campus Planning in the Director's absence.
- Work with senior leadership to lead a team driven by the continuous improvement of the University's information on our physical campus including a new GIS system, PSI system, and REVIT program.
- Oversee the development of new processes to generate reports for senior leadership to increase university's space efficiency. These reports will be used by leadership to make key strategic decisions to advance the university's mission and goals.
- Enhance and foster a culture of schedule-driven and budget-driven project delivery as a commitment to the University's strategic timeline.
- Continually support the professional development of staff as lifelong learners through mentoring, coaching, and developing individuals to pair interests and expertise with university needs.
- Develop and execute staffing resource strategies, to accomplish UB's Top 25 goal through the delivery of cutting-edge higher education facilities and space management of these facilities to support the ongoing work of the university, attract world-class faculty & staff, and increase student retention.
