Responds to inquiries via email, phone and occasionally walk-in for faculty and staff and in-person training to campus partners (one-on-one or group training) as well as remotely (video conferencing, training videos, phone, email using a help desk support application) Oversees a student helpdesk and prioritizes tasks using a ticketing system (Cherwell) and a task management application (Gitlab). Measures the success and efficiency of current training curriculum and update as required to ensure best practices are followed. Provides feedback from campus partners to the Marketing Technology team related to new CMS functionalities to meet the university and marketing department's needs.

Principal Duties and Responsibilities

- * Provide first-line web technical support and customer service to end users on a variety of issues.
- * Create detailed and accurate description of customer problems, troubleshooting steps and resolutions. Document, track, and monitor the problem to ensure a timely resolution and escalate to leadership as needed.
- * Oversee a student helpdesk which provides website support to the WPI community. This includes hiring, training and scheduling student workers.
- * Provides trainings, workshops, and customer service support to campus partners, maintains systems documentation and training documentation for Drupal and Wordpress.
- * Respond to telephone calls, email and in-person requests for web technical support.
- * Grant access rights to content publishers who have received training and the proper authorization.
- * Creates web forms in Drupal and using a third-party webform application with payment processing capabilities.
- * Work with cross-division functions to ensure that design and delivery of training support for campus partners is aligned with goals. Assist with creating new training materials and deliver on-site training for internal campus audiences.
- * Provides variety of web related duties, such as: implementing shorturls and setting up redirects; coordinate, develops and implements university websites/pages when called for special projects; assists in uploading videos to youtube or ensemble.
- * Work with web accessibility vendor to identify errors that require escalation to the web development or content teams.
- * Other duties as assigned.

Position Requirements

- * Bachelors degree or the equivalent combination of education, training and, experience.
- * 2 years+ help desk support experience required.
- * Entry level CMS experience required; Wordpress or Drupal preferred.
