week; Monday - Friday; 8:00 a.m. - 5:00 p.m. This classified position is grant funded and is contingent upon yearly funding.

Position Purpose:

Coordinates, maintains, prepares, directs and plans science laboratory services and activities in conjunction with established curriculum; orders, assembles, and obtains necessary supplies and equipment; and provides technical staff assistance.

Duties and Responsibilities:

- * Perform a variety of coordination, preparation and planning in the operation of a large science laboratory facility supporting instruction.
- * Confer with instructors to determine laboratory needs and anticipated activities.
- * Prepare and arrange for the preparation of a variety of living cultures, chemical solutions, reagents, and specimens, chemistry, physics and physical science equipment to be used in science laboratory experiments, exercises, practices and demonstrations as assigned.
- * Analyze and resolve, or assist instructional laboratory personnel in solving problems of inconsistent results in classroom exercises.
- * Utilize proper safety precautions and procedures in handling all types of laboratory specimens, reagents, chemicals, lasers, power supplies, hazardous waste and general laboratory equipment.
- * Schedule and prepare laboratory facilities for anticipated experiments, demonstrations, exercises, and other activities.
- * Order, procure, pick up, and issue materials, chemicals, instruments, and equipment maintaining proper procedures and controls.
- * Meet with vendors and suppliers as necessary; prepare purchase requisitions.
- * Maintain inventory of capital and consumable supplies.
- * Provide or arrange for the maintenance, testing and calibration of science laboratory equipment and instruments.
- * Requisition repairs as necessary.
- * Maintain security and ensure the safe and proper handling, storage, and labeling of hazardous materials and hazardous waste which may include performing any departmental inspections as required by regulatory agencies.
- * Obtain and maintain Material Safety Data Sheets.
- * Provide technical guidance, assistance, and training to laboratory personnel in technical procedures and equipment usage.
- * Provide orientation to students and new faculty on laboratory equipment, facilities, procedures and

safe practices.

- * Coordinate, maintain and update laboratory budget and provide information as to items to be requested in future budgets.
- * Recommend measures to improve laboratory procedures and use of the equipment.
- * Perform other duties reasonably related to the job classification.

Knowledge, Skills, and Abilities:

Knowledge of:

- * Principles including analytical techniques, practices, materials, nomenclature, equipment, and instruments used in chemistry, physics, physical and/or life science laboratories as assigned.
- * Principles and procedures used in inventory control, procurement, budgeting and supplies issuance.
- * Planning, organizing, and scheduling techniques necessary to efficiently operate a large laboratory facility.
- * Record keeping, statistical calculation methods and laboratory inventories.
- * Proper safety precautions and procedures utilized in handling all types of laboratory hazardous waste and dangerous chemicals.
- * Modern office practices and procedures including the use of Word and Excel. Ability to:
- * Apply language skills to read, analyze, interpret and follow laboratory manuals, periodicals, reference manuals, technical procedures and governmental regulations.
- * Write reports, business correspondence, and procedure manuals.
- * Effectively present information and respond to questions from groups of faculty and students.
- * Apply mathematical skills to calculate figures and amounts such as discounts, proportions, percentages, concentrations, dilutions and volume.
- * Apply concepts of algebra and geometry.
- * Utilize reasoning skills to solve practical problems.
- * Interpret a variety of instructions furnished in written, oral, diagram, or schedule form.
- * Effectively communicate and interact with persons of diverse backgrounds and abilities.
- * Establish and maintain cooperative working relationships with those contracted during the course of work.
- * Monitor expenditures and identify budgetary problems or needs.
- * Lift and move up to 50 pounds.
