**Apply By Email**

**Job Description**

Senior Research Support Specialist implements study protocols for a large observational study with children examining motivation to eat and motivation to play as risk and protective factors for weight gain. Uses innovative skills in recruiting, screening, scheduling, and assessing research participants. This includes materials development and preparation, conducting interviews, administering measures, following research protocols, data collection, coding and entry. This project involves family home visits. Attends research meetings, and conducts literary searches. Photocopying, collating and filing. Needed for up to 6 months.
