Job Description

This position, under the direction of the Director of Enterprise Applications Services, is responsible for technical and analytical work in developing, designing, and/or supporting applications in the implementation, enhancement, and maintenance of Ellucian Banner ERP environment and integration ancillary systems. This Position will participate in the development of solutions using programming expertise for day-to-day problems to include maintenance, modification or development of complex inter-related applications/solutions. Solutions link technical knowledge with business, research and/or instructional solutions and may range from consulting services (software or hardware recommendations) to developing integrated-automated systems. Duties include client needs assessment as well as evaluating hardware availability and software requirements. Employees should be able to work independently with minimal supervision.
