Job Summary:

The University of San Francisco (USF) is looking to fill a part-time temporary Simulation Technician position within the School of Nursing & Education. This role is for USF's Sacramento Branch Campus.

Full Job Description:

Job Responsibilities

- * Serve as a technical expert who is able to set up, operate, maintain, troubleshoot, and in some cases repair simulation equipment including high and low fidelity mannequins and other similar equipment, hospital-type equipment used in simulation activities, and AV/IT equipment used in simulation activities.
- * Instruct and assist simulation educators/faculty and learners in the use of technical equipment used in simulation.
- * Assist in operational activities such as staff and maintenance scheduling, and inventory/purchasing functions.
- * Familiar with the various modalities of simulation education and has a good grasp of simulation educational principles
- * Assist in the development, setup, and delivery, and takedown of simulation education sessions.
- * Assist in project planning, staff on boarding, and commissioning activities as required

Minimum Requirements

- * Bachelor's Degree or Associate degree in healthcare related field or equivalent work experience preferred.
- * 2+ years' experience as a technician in a simulation centre including experience in maintaining an equipment inventory and maintenance schedule.
- * Demonstrated ability to install, operate, maintain, and troubleshoot simulation, hospital, and IT/AV equipment and software used in a clinical education environment

- * Ability to communicate technical information to non- technical audiences
- * Demonstrated adaptability and resourcefulness
- * Ability to work independently and as part of a team
- * Ability to acquire new skills and learn new procedures
- * Proficiency in Microsoft Office suite
- * Fluency in written and spoken English.
- * Ability to autonomously control the phy siological parameters of a patient simulator in a realistic manner
- * Awareness of l atest simulation technological developments and products in simulation
- * Demonstrated understanding of curriculum development
- * Familiarity with Clinical Information Systems.
- * Flexibility with your schedule as this role will be part time estimated at 20 hours/week, the department is in need of someone with open availability during the week dependent on the School of Nursing's needs and programs.
