Job Description

The Environmental Health Study for Western New York is seeking a community education research associate to assist in community education efforts. This position is ideal for anyone interested in public health, education, community-based research, and developing relationships within the community.

Key responsibilities include:

- Developing and delivering educational presentations for a wide variety of audiences (children - adults) on environmental health and/or general public health issues
- Developing posters, fact sheets, and other educational materials on environmental health and general public health, and organizing the distribution of these materials to community events/health fairs/coalitions/web resources/newsprint etc.
- Assisting in the development of infographics to distribute research findings to the community
- Partnering with libraries or other local groups to develop a resource section, an event, lecture series,
