Job Description

This position requires highly specialized web knowledge and skills necessary for the planning, creation and assessment of websites in the Division of Enrollment that support students, faculty and staff across the university including, but not limited to, Student Financial Aid and Scholarships, Registrar and the Welcome Center. This position requires understanding of all stages of web development with an emphasis on information architecture and user experience, proficiency in web and application design best practices, and the ability to assess objectives using key metrics and indicators. All websites and applications must be created following state and federal rules and guidelines for compliance, usability and accessibility.
