Under the guidance and direction of the Director of Physical Plant, the Plumber performs preventative and corrective maintenance of campus plumbing systems. The plumber will be doing plumbing repairs and also help the HVAC Team do repairs when available. Maintain plumbing on and off main campus. Perform preventative and corrective maintenance and general installation of all types of plumbing equipment including toilets, sinks, water closets, water heaters, coolers, freezers, ice machines, and associated motors.

Duties and responsibilities include, but are not limited to:

- * Install, repair, and maintain distribution lines and fixtures in all building systems including domestic/cold water, hot water, gas, steam/hydronic heating, condensate return, laboratory and kitchen fixtures/equipment, bathroom and shower fixtures, water fountains, sewer lines, and sanitary systems.
- * Repair all plumbing related pipes and valves, clean drains and sewer lines, cut and thread pipe, operate power saw and threading machine, and use all tools of the plumbing trade.
- * Order necessary replacement materials.

Additional duties and responsibilities may include, but are not limited to:

- * Assist other trades with duties as required.
- * Make deliveries to other facilities in and out of town by truck, trailer, and/or car.
- * Perform other duties as assigned.

Excellent college benefits accrue with this full-time position. This is a security sensitive position.

Lee College does not discriminate on the basis of gender, disability, race, color, age, religion, national origin, or veteran status.

Minimum Qualifications:

- * High School Diploma or equivalent (G.E.D.)
- * Five (5) years of general plumbing experience
- * Must have mathematical skills and analytical skills to do estimates
- * Must be computer literate
- * Must be able to understand verbal and written instructions
- * Adept at establishing relationships with all parties involved in the construction process that facilitates
