Job Description	

Department Summary

The Division of Digital Strategy and Innovation is responsible for leading the university in the areas of educational technology, online and blended initiatives, and digital learning research serving students and faculty both on-campus and at a distance. Digital Strategy and Innovation collaborates with faculty, staff, and students across UNT's academic and administrative units to ensure a world-class, 21st century institution, redefining public higher education through cutting-edge experimentation where the science of learning is the fulcrum that enables innovative, omnichannel, lifelong education for the North Texas community and learners across the globe.

Position Overview

Participates in the production and post-production of media and learning materials for a given project in a variety of formats including audio, video, and others to support teaching and learning
