**Job Description**

\*\*This is a two year limited term appointment. Continuation of employment will be contingent upon availability of funding.\*\*

\*\*This is a pool posting for future vacancies in this job classification. Applications will be considered active for a period of six months from the posting date\*\*

The Samuel Ginn College of Engineering is seeking candidates for multiple positions for Research Engineers. A Research Engineer conducts research in various fields of engineering to design and develop technology and to carry out investigations, evaluation, and application of engineering theories and principles. These positions will be based on two-year terms which will be renewable based on performance and abilities to secure and support externally funded research.
