### **Job Description**

This is an overnight position.

The Hospital for Large Animals provides high-quality medical/surgical care to inpatient, outpatient and critical/emergency large animal patients. In addition to providing patient care, employees are required to teach and support the veterinary students and visiting veterinary technician interns throughout their rotation in the Hospital for Large Animals.

Candidate is responsible for providing high quality nursing care and treatment for all Internal Medicine, General Diagnostics and Surgery Service, and Sports Medicine Service patients as directed by clinicians/residents or supervising technicians. As a team member, this candidate will assist other technicians in carrying out the daily patient management plan, which includes inpatient care and treatment, providing technical support for other clinicians and students, guidance and instruction to students on rotation, and assisting with emergencies.
