Job Description

The Research Compliance Analyst assists with operational tasks for the Research Integrity and Compliance unit. The Analyst will track and process incoming protocols, assist with protocol reviews and follow-up tasks for the research compliance programs. Also assists the UNT research community with protocol development, procedures, electronic systems, and ensuring compliance throughout the process. Additionally, the Analyst will maintain file systems, correspond with researchers and other collaborating units across campus, assist with audits and monitoring, and assist with education and training programs.
