and visits

- Preparing for and running participant study visits, including setting up ecological momentary assessment schedules, administering survey data, running cognitive and other computer assessments
- Entering and maintaining records in REDCap
- Creating and running reports
- Attending lab meetings
- Assisting Project coordinators in requested study tasks
- General clerical office duties

A high level of discretion, judgment, collaboration, and initiative are required to accomplish position goals. There is a potential for advancement with this position.

The Department of Psychology at the University at Buffalo is committed to excellence in teaching, nationally-recognized research, and outstanding service to the university, profession and community. Psychology is one of the largest and strongest departments in the College of Arts and, ranking third in the college in terms of external grant funding. The doctoral program in Clinical Psychology is accredited by the American Psychological Association and the Psychological Clinical Science Accreditation System.

The University at Buffalo, founded in 1846 as a private medical college, is the flagship and largest university within the SUNY public university system. The University at Buffalo has long been known for excellence in research, as it was the first university in New York to earn membership in the Association of American Universities. The University consists of three campuses and serves almost 30,000 students, offering degrees in a wide range of programs at the bachelors, masters, professional, and doctoral levels. It has more than 100 research centers and institutes, with annual research expenditures of approximately \$350 million. The UB Clinical and Translational Science Institute (CTSI), which fosters and supports collaborative innovation and pilot studies across the University, is catalyzed by an NIH Clinical and Translational Science Award; Dr. Hawk is the Director of the UB CTSI's biennial Creative Scientist Workshops.
