departments.

- Consult on and respond to requests for survey and data projects related to teaching and learning.
- Provide assessment facilitation as a liaison to academic units.
- Support the Learning Management System transition, and support the use of LMS back-end data to provide reports regarding student progress.

We invite individuals to apply whose perspectives and experiences will enrich and strengthen our organization. The Office of Curriculum, Assessment, and Teaching Transformation serves a diverse constituency of faculty and staff, and our employees, services and policies strive to honor and reflect this diversity. We encourage candidates who thrive in a welcoming multicultural environment to apply.

The Office of Curriculum, Assessment, and Teaching Transformation (CATT) at the University at Buffalo promotes educational excellence through support of instructional and learning environments design; assessment of program and teaching effectiveness; and dissemination of evidence-based instructional strategies. Each office within the department supports the mission of educational excellence. Educational Effectiveness & Learning Analytics (EELA) supports program improvements through the program assessment and review process and through student evaluations of teaching. The Teaching Transformation team supports the effective design of courses and curricula through evidence-based approaches. The office of Learning Environments and Spaces works to establish in-person and virtual learning environments that promote effective teaching and learning. For more information, please visit the [CATT website](#).
