Job Description	

Position Summary

The Unix Systems Administrators at UB are the architects behind the technological infrastructure that powers our institution's cutting-edge services. With a blend of innovative technologies and their expertise in computing and information systems, they craft and sustain intricate enterprise-level UNIX, Linux and cloud services. This pivotal role directly contributes to UB's standing as the premier public research university in New York, consistently ranked among the top 40 public universities in the nation.

Responsibilities include:

- Provide advanced systems support: Support and troubleshoot mission-critical enterprise Linux systems and cloud services, and ensure system security and compliance with

regulations

- Design and implement complex systems and infrastructure: Develop mission-critical enterprise systems
- Solve complex systems and service problems: Develop unique approaches to complicated problems where diagnostic data is incomplete, absent, or contradictory, and where there may be no precedent or solution
- Provide customer support: Fulfill or deny service requests according to departmental policies and negotiate service provisioning with customers, stakeholders, and management
- Manage technical projects: Manage projects and provide expert consulting on technical initiatives, facilitate technical discussions among campus IT groups, and proactively assist in budget and service planning
- Work as part of a team: Participate in service teams providing support in a 24x7 environment; influence work priorities, technical decisions, and operating procedures at the team or project level

About UBIT: It is a great time to join **UB Information Technology (UBIT)**! Our staff are highly skilled and motivated to succeed and have cutting-edge training and technical resources at their disposal. For more information about UBIT visit our [website](#). All the duties & responsibilities listed above continue to occur in a 24x7 environment, therefore, working extended hours, holidays, or varied hours may be required.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit – all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization.
