Retirement System (STRS) retirement programs, and National Benefit Services.

*Note: Salary and Health & Welfare Benefits are subject to change. Please visit the [Mt. San Antonio College Benefits Website](#) for further information.

Basic Function/Overview:

DEFINITION: Under administrative direction, plans, organizes, manages, and provides administrative direction and oversight for all functions related to the maintenance and operations of College facilities. Coordinates and ensures appropriate management, staff, and consultant services, including but not limited to maintenance, grounds, custodial, transportation, and warehouse staff, architects, engineers, and contractors; directs the facilities work order center and customer service team. Provides highly responsible and complex professional assistance to the Executive Director, Facilities Planning and Management in areas of expertise.

SUPERVISION RECEIVED & EXERCISED: Receives administrative direction from the assigned managerial personnel. Exercises general and direct supervision over assigned staff.

CLASS CHARACTERISTICS: This is a management level classification in the Facilities Planning and Management Department that manages all facilities maintenance and operations activities. Responsibilities include performing diverse, specialized, and complex work involving significant accountability and decision-making responsibility. The incumbent organizes and oversees day-to-day activities and is responsible for providing professional-level support to the Executive Director, Facilities Planning and Management in a variety of areas. Assists in development and administration of departmental policies, procedures, and services and overall management and implementation of the College's development plans, facilities master plan, and utility and comprehensive infrastructure improvement plans. Successful performance of the work requires an extensive professional background, as well as skill in coordinating departmental work with that of other departments. This class is distinguished from the Executive Director, Facilities Planning and Management in that the latter has overall responsibility for all functions of the Facilities Planning and Management Department, and for developing, implementing, and interpreting public policy.

Essential Duties/Major Responsibilities:

1. Plans, manages, and oversees the operations and activities related to the maintenance and operations of College physical resources, including reactive, responsive, preventative, predictive, and scheduled maintenance of buildings, facilities, grounds, equipment, and comprehensive infrastructure; oversees building and exterior cleaning, fleet management, student transportation, warehouse shipping, receiving, and storage.

2. Monitors and evaluates the quality, cost, and schedule of facilities renewal and maintenance related projects; identifies opportunities for improvement and makes recommendations; develops and standardizes procedures and methods to improve the quality and life-cycle cost of College building, facilities, and infrastructure; implements appropriate additions, changes, updates, and revisions.
3. Participates in the selection, training, motivation, and evaluation of assigned personnel, works with employees on performance issues; recommends discipline to the Executive Director, Facilities Planning and Management.
4. Directs the activities of maintenance, grounds, custodial, transportation, and warehouse staff, contractors, and consultants, oversees operation of varied and complex equipment necessary to maintain continuity of service for College buildings, facilities, and comprehensive infrastructure.
5. Reviews and assesses design and construction documents and work product to ensure compliance with operational requirements; prepares reports and makes recommendations related to quality and life-cycle cost of materials and building, utility, and energy systems proposed for new and modernized facilities construction; oversees the comparative review of critical systems and equipment.
6. Oversees the preparation of the Colleges comprehensive preventative and predictive maintenance program; prepares reports specifying staff, consultant, equipment, and contractor resource requirements necessary to maximize efficiency and operational quality, end-user functionality, continuity of service, and to manage the life-cycle cost of systems and equipment in existing and new facilities.
7. Oversees the Colleges scheduled maintenance and facility renewal programs; prepares project and program scope, budget, and schedule documents; recommends solutions to maximize quality and value; arranges for necessary staff, consultant, and contractor support to meet program goals.
8. Manages the preparation of public works bid packages related to maintenance service contracts, scheduled maintenance, and facilities renewal projects; monitors, evaluates, analyzes, and updates general, special, and technical specifications and contractor safety programs; submits projects as complete and ready for public bidding; administers consultant and construction contracts and ensures correct project close-out and warranty administration.
9. Oversees the facilities work order and customer service center, door security and access control system, student transportation, fleet management operations, and the College warehouse; develops and implements policies and procedures to ensure timely and responsive service for internal and external customers; monitors compliance with related safety and other agency laws and requirements.
10. Manages the computerized maintenance management system; develops and prepares reports related to the efficiency and effectiveness of maintenance and operations activities; recommends policies and procedures to ensure continuity of service and energy and water efficient facilities.
11. Oversees the final acceptance of construction projects and ensures that proper close-out documentation is in place; cooperatively manages the transition of projects from construction to occupancy and maintains responsibility for warranty items; cooperatively evaluates requests for

corrective or additional work after occupancy and recommends effective and efficient solutions to post-occupancy requirements; assists in the maintenance and operation of the Facilities Planning and Management Document Resources Center.

12. Oversees the preparation, maintenance, and implementation of staff safety programs and skills training efforts; provides leadership in College-wide student, faculty, staff, and public safety efforts.
13. Prepares, reviews, and presents staff reports, various management and information updates, and reports on special projects as assigned by the Executive Director, Facilities Planning and Management.
14. Establishes, implements, and fosters an environment of belonging as it relates to diversity, equity, inclusion, social justice, anti-racism, and accessibility (DEISAA).
15. Oversees, leads, and provides high-level customer service when interacting with the public, vendors, students, and College staff, including individuals from minoritized groups.
16. Utilizes critical thinking, decision-making, and problem-solving skills with tact, confidence, and diplomacy.
17. Implements, enforces, supports, and abides by federal, state, and local policies and Board Policies and Administrative Procedures.
18. Participates in and supports employee participation on committees, task forces, and special assignments, including, but not limited to, Screening and Selection Committees, mandated trainings, and DEISAA related trainings as required.
19. Prepares and delivers DEISAA-minded presentations related to assigned areas as required.
20. Performs other related duties as assigned.

Other Duties:

Knowledge Of:

1. Principles and practices of supporting a DEISAA academic and work environment.
2. Budget development, administrative practices, and organizational and management practices as applied to the analysis and evaluation of projects, programs, policies, procedures, and operational needs.
3. Administrative principles and practices, including goal setting, program development, implementation, and evaluation.
4. Principles and practices of employee supervision, including work planning, assignment, review and evaluation, and the training of staff in work procedures.
5. Policies, procedures, techniques, safety requirements related to the safe and efficient maintenance and operations of buildings, facilities and infrastructure, efficient cleaning of buildings and exterior spaces, grounds and urban forest care and maintenance, fleet and student transportation management, and warehouse shipping, receiving, and storage activities.

6. Principles and practices of maintenance program management, project management, and educational facilities and infrastructure maintenance and renewal project development, delivery, and close-out.
7. Proper methods, techniques, materials, tools, and equipment used in building and infrastructure maintenance and operation, including current fire and life safety systems, computerized access control software and systems, and computerized maintenance management systems.
8. Methods and techniques of project and operational quality assurance and control, budget management and cost control, preventative, predictive, and scheduled maintenance, program management.
9. Construction project close-out, preparation for occupancy and transition to user operations.
10. Policies and procedures related to public works budgeting, procurement, and contract administration.
11. Methods and techniques for the development of presentations, contract administration, business correspondence, and information distribution; research and reporting methods, techniques, and procedures.
12. Modern office practices, methods, and computer equipment and applications related to the work.
13. Techniques for effectively representing the College in contacts with governmental agencies, community groups, and various business, professional, educational, regulatory, and legislative organizations.

Skills and Abilities:

1. Implement, advocate for, and communicate the Colleges vision and commitment to creating a DEISAA academic and work environment.
2. Oversee and address gaps in DEISAA in the recruitment and retention of faculty and staff.
3. Critical thinking and decision-making through observing, analyzing, inferring, communicating, and problem-solving in challenging situations with tact, confidence, and diplomacy.
4. Develop and implement goals, objectives, policies, procedures, work standards, and internal controls for the assigned program areas.
5. Provide administrative and professional leadership and direction for assigned operations and activities.
6. Prepare complete and accurate maintenance contract and construction plans and specifications suitable for public works bidding and construction.
7. Evaluate and operate computerized maintenance management, electrical, mechanical, plumbing, and building envelope systems, energy and water efficiency management, and access control systems.
8. Interpret, apply, explain, and ensure compliance with federal, state, and local policies, procedures, laws, and regulations.
9. Research, analyze, and evaluate new service delivery methods, procedures, and techniques.

Incumbents work indoors and outdoors, and are frequently exposed to dust, fumes, and allergens and occasionally exposed to loud noise levels, inclement weather conditions, chemicals, mechanical and/or electrical hazards, and hazardous physical substances. Incumbents may interact with staff and/or public and private representatives in interpreting and enforcing departmental policies and procedures.

Physical Demands:

Must possess mobility to work in a standard office setting and use standard office equipment, including a computer, to operate a motor vehicle, and to visit various College and meeting sites; vision to read printed materials and a computer screen; and hearing and speech to communicate in person, before groups, and over the telephone. This is primarily a sedentary office classification although standing and walking between work areas may be required. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard or calculator and to operate standard office equipment. Positions in this classification occasionally bend, stoop, kneel, reach, push, and pull drawers open and closed to retrieve and file information. Incumbents must possess the ability to lift, carry, push, and pull materials and objects weighing up to 20 pounds.

Hazards:

Conditions of Employment:

The person holding this position is required to be present on Mt. San Antonio Colleges campus to perform all essential duties and responsibilities.

Official offers of employment are made by Mt. San Antonio College Human Resources and are made contingent upon Board approval. It is also required that a final offer of employment will only be made after the candidate has successfully been live-scanned and clearance for employment is authorized by Human Resources. Costs for live-scan services shall be borne by the candidate.

Notice to all prospective employees - The person holding this position is considered a mandated reporter under the California Child Abuse and Neglect Reporting Act and is required to comply with the requirements set forth in Administrative Procedure 3518, titled Child Abuse Reporting, as a condition of employment.

As required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the Mt. San Antonio Community College Annual Security Report is available here: [Mt. SAC Annual Security Report](#).

The person holding this position is considered a Responsible Employee under Title IX of the
