## Overview

For five decades, the Department of Urban and Environmental Policy and Planning (UEP) has been a place where students, faculty, and the community work to turn vision into practice. UEP centers its mission around the intersection of planning, policy and social justice. We offer programs founded on an interdisciplinary approach focused on the intersection of urban, social, and environmental issues. In addition to our diverse course offerings, community practice and partnerships are integral to UEP. They represent a platform for engaged learning and research, enabling students and faculty to come together to develop innovative strategies for solving local and global challenges, and to build the pipeline of new policy and planning professionals.
