Job Description

The University at Buffalo (UB) [Geography Department](#) seeks Crime Research Analysts to work in the Erie Crime Analysis Center. Crime Research Analysts will perform basic crime analysis including responding to crime trend inquiries and evaluating and identifying crime series, patterns, and trends.

The successful candidates will:

- Perform crime analysis for local law enforcement and other authorized agencies
- Provide police personnel with crime analysis for tactical operations, strategic planning, and manpower allocation
- Support special programs and projects
- Provide information and assistance to the public and others, regarding assigned programs and services
- Perform a variety of tasks relative to analysis of crime and related information.

General supervision for these positions will be from civilian or commissioned supervisory or management staff at the Erie Crime Analysis Center. This center serves analytical needs for the Buffalo Police Department, Erie County Sheriff's Office, Cheektowaga Police Department, Erie County District Attorney's Office, and New York State Police. Position will report to the Buffalo Police Headquarters in downtown Buffalo, NY.

These positions are affiliated with the Department of Geography and the National Center for Geographic Information and Analysis (NCGIA), at the University at Buffalo (UB), a large R1 Research University on the shores of Lake Erie.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization.
