The University of California, Berkeley, is one of the world's leading institutions of higher education, distinguished by its combination of internationally recognized academic and research excellence; the transformative opportunity it provides to a large and diverse student body; its public mission and commitment to equity and social justice; and its roots in the California experience, animated by such values as innovation, questioning the status quo, and respect for the environment and nature. Since its founding in 1868, Berkeley has fueled a perpetual renaissance, generating unparalleled intellectual, economic and social value in California, the United States and the world.

We are looking for equity-minded applicants who represent the full diversity of California and who demonstrate a sensitivity to and understanding of the diverse academic, socioeconomic, cultural, disability, gender identity, sexual orientation, and ethnic backgrounds present in our community. When you join the team at Berkeley, you can expect to be part of an inclusive, innovative and equity-focused community that approaches higher education as a matter of social justice that requires broad collaboration among faculty, staff, students and community partners. In deciding whether to apply for a position at Berkeley, you are strongly encouraged to consider whether your values align with our [Guiding Values and Principles](#), our [Principles of Community](#), and our [Strategic Plan](#).

At UC Berkeley, we believe that learning is a fundamental part of working, and our goal is for everyone on the Berkeley campus to feel supported and equipped to realize their full potential. We actively support this by providing all of our staff employees with at least 80 hours (10 days) of paid time per year to engage in professional development activities. To find out more about how you can grow your career at UC Berkeley, visit grow.berkeley.edu.

Departmental Overview

The Office of Environment, Health & Safety's (EH&S) mission is to provide guidance and services to the campus community that promote health, safety, and environmental stewardship.

EH&S is a highly dynamic, fast paced, committed organization focused on promoting workplace safety and environmental protection for the campus community. We are comprised of many scientific, technical, and administrative professionals, working in an evolving, learning, and sometimes challenging environment with a unified goal of supporting the University's mission of teaching, research and public service. EH&S strives to be an inclusive, service oriented, and operationally excellent organization and is seeking highly motivated individuals who want to learn, be creative, seek continuous competency development, and contribute to our mission.\

Position Summary

The Hazardous Waste Management Program goals for this position are to operate and maintain hazardous waste management services on behalf of the campus.

Under supervision, works independently to provide hazardous waste management to the UC Berkeley campus and affiliated field stations, and assists with emergency response service for EH&S or the Office of Environment, Health & Safety.

Application Review Date

The First Review Date for this job is: 04/08/2024.

Responsibilities

Hazardous Waste Management

Chemical Waste Activities

- Perform safe, efficient collection, loading/unloading, and transportation of chemicals from laboratories and shops, but also from any University property.
- Follow and train on established standard operating procedures, University policies and procedures, laws and regulations, and safety principles.
- Ensure accurate data entry and accounting of chemicals picked up, utilizing waste specific software.
- Verify proper packaging, labeling, and marking. Segregate chemicals based on compatibility. Organize required supplies and equipment, and prioritize pick up sequence.
- Communicate with campus contacts, coworkers, and customers to resolve discrepancies and to arrange pick up times.
- Provide limited hazardous waste training or guidance to campus, and direct to appropriate EH&S resources and personnel for follow up.
- Utilize text, phone, email, and in person communication to schedule, resolve, and inform customers.
- Utilize and follow safe, ergonomic practices with material handling equipment: drum carts, lab carts, debris carts, electric pallet stacker, pallet jacks, and dock levelers. Operate and use manual and power tools, in the course of managing hazardous waste, including for the disassembly of equipment, cleaning labs, and consolidating/bulking of hazardous waste.
- Drive small box trucks and golf carts on and off campus, safely transporting chemical waste to

the campus Hazardous Materials Facility (HMF).

- Select and wear appropriate personal protective equipment as needed: uniform, lab coat, chemical resistant coverall, safety glasses, gloves, full-face air purifying respirator.
- Share ideas for improvement, work as a team on larger jobs, and participate in regular safety meetings.
- Keep work areas clean and organized.
- Support waste minimization efforts.

Radioactive Waste activities

- Coordinate, collect, and transport radioactive waste and materials to the HMF from campus labs, following established procedures and regulations.
- Perform routine radiation surveys on vehicles, waste collection sites, and the HMF as required under the Waste management radiation use authorization (RUA).
- Utilize GM meter, liquid scintillation counter, and swipe techniques.
- Prepare radioactive waste shipment containers for disposal.
- Conduct pre and post shipment radiation surveys.
- Accurately update the radiation safety database (RSIS) for radioactive waste received.

Biohazardous Waste activities

- Pick up and coordinate shipment of biohazardous waste from labs and central accumulation rooms.

Drives university vehicles to fulfill job requirements.

Assist in maintaining supplies and equipment

- Organize and help maintain supply inventory, equipment, and tools.
- Assist in finding new equipment and vendors, coordinate service of vehicles and equipment, review invoices, and maintain other facility supplies.
- Inspect HMF facility, including fire extinguishers, safety showers/eyewash, and vehicles.

Decontamination Services

Senior Hazardous Materials Technician (7142C) - 66742 University of California, Berkeley

- Decontaminate, disinfect, and clean labs and equipment, and remove associated supplies, trash, chemical inventory, and contaminated debris.

Dedicated Urgent Response Team

- Provide technical support to the EH&S Dedicated Urgent Response Team (DURT) Program by serving as a "Designated Responder" as needed during business hours.
- Must be accessible via telephone and readily available to respond on-scene to emergencies (e.g., a chemical spill).
- Provide technical support to the DURT Program by serving as an "Off-hours Responder" on rotation with other responders.
- It is currently every 4th week, but is variable depending on staffing levels.
- Must be accessible via telephone and readily available to respond to on-scene to emergencies (e.g., a chemical spill) around the clock during assigned periods.
- This is an "unrestricted" on-call position.
- Must maintain the ability to effectively respond, and be within 50 miles or one hour of the campus.
- To serve as a designated responder, incumbent must meet the specific requirements of the Urgent Response Program as outlined in the EH&S DURT Program Guidelines.
- These include occupational and physical qualifications.
- Medical evaluation is required initially, and every 2 years.

Other duties as assigned, including but not limited to:

- Perform routine maintenance activities at the material/waste processing facility.
- Maintain facilities and equipment in safe operating condition.
- Perform other duties, similar to above listed duties, when requested.

At the request of campus management (EH&S Director, VC Research/Administration, UCPD Chief, or designated alternate), serve in a designate role within the EH&S Emergency Support Function and be on call to the campus Emergency Operations Center in a campus designated disaster or campus hazardous material release/threatened release. Provide appropriate emergency response role based upon expertise and, where applicable, designated departmental role.

Required Qualifications

- Familiarity with hazardous waste management requirements, including federal, state and local

laws and regulations pertaining to proper handling, packaging, transportation and disposal of hazardous waste (see "Governing Laws, Regulations, Policies and Procedures" below).

- Knowledge of equipment, technologies, and systems utilized in hazardous waste management.
- Ability to communicate orally and in writing with diverse audiences in English.
- Proficiency in using PC-based computers and related email, data entry, and associated software.
- Ability lift, carry, push, and pull 40 pounds routinely (5-gallon drum) and move items exceeding 100 pounds (e.g. 55-gallon drums on cart). See Physical/Environmental/Mental Demands Form.
- Ability to interact in a positive and team-oriented manner with a variety of co-workers and clients, maintaining a positive attitude and professional demeanor at all times.
- Graduation from high school or a General Education (GE) diploma and two years of experience in a warehouse/distribution/material handling position, University lab environment or an environmental health and safety program; or two years of college including appropriate science courses and one year of experience in an environmental health and safety program; or an equivalent combination of education and experience.

Preferred Qualifications

Familiarity with the following governing laws, regulations, policies and procedures: Incumbent's responsibilities are guided by federal, state and local laws and regulations, which include (but are not limited to): Hazardous Waste Management Act and Resource Conservation and Recovery Act. Specific requirements for UC Berkeley are outlined in UC Berkeley's hazardous waste management policies and procedures, as approved by Department of Toxic Substances Control.

Salary & Benefits

This is a 100% full-time (40 hrs a week) non-exempt career position, which is paid hourly and eligible for UC Benefits.

For information on the comprehensive benefits package offered by the University, please visit the University of California's [Compensation & Benefits](#) website.

Under California law, the University of California, Berkeley is required to provide a reasonable estimate of the compensation range for this role and should not offer a salary outside of the range posted in this job announcement. This range takes into account the wide range of factors that are considered in making compensation decisions including but not limited to experience, skills, knowledge, abilities, education, licensure and certifications, analysis of internal equity, and other business and organizational needs. It is not typical for an individual to be offered a salary at or near the top of the

range for a position. Salary offers are determined based on final candidate qualifications and experience.

The budgeted hourly range that the University reasonably expects to pay for this position is STEP 1.0 (\$28.79) - STEP 5.0 (\$34.63), commensurate with experience.

How to Apply

- To apply, please submit your resume and cover letter.

Driving Required

- A valid driver's license and DMV check for driving record is required.

Other Information

This position is governed by the terms and conditions in the agreement for the Technical Unit (TX) between the University of California and the University Professional and Technical Employees (UPTE). The current bargaining agreement manual can be found at:

<http://ucnet.universityofcalifornia.edu/labor/bargaining-units/tx/index.html>

- This is not a visa opportunity.

Conviction History Background

This is a designated position requiring fingerprinting and a background check due to the nature of the job responsibilities. Berkeley does hire people with conviction histories and reviews information received in the context of the job responsibilities. The University reserves the right to make employment contingent upon successful completion of the background check.

Physical Exam

- Employment is contingent upon passing a medical exam.
