Job Description	

Position Summary

The University at Buffalo, a distinguished public research institution and the State University of NY's flagship university, is seeking a talented and motivated **Application Developer** to join the Enterprise Application Services unit. As an integral member of one of Western New York's largest and most innovative IT organizations, the Application Developer will play a key role in designing, developing, and maintaining cutting-edge software solutions for enterprise applications.

Responsibilities:
As an Application Developer at the University at Buffalo, you will:

- **Design, develop, test, maintain, and document application software** for UB's enterprise

systems.
- **Collaborate with team members and customers** in an Agile environment, fostering effective communication and iterative development.
- **Assist more experienced team members** in the development of customer specifications, contributing to the overall success of the team.
- **Understand and utilize contemporary web development tools and techniques,** ensuring the adoption of best practices in software development.
- **Stay abreast of new technology** and actively seek opportunities to improve enterprise IT services through the integration of innovative solutions.

About UBIT:

Join the vibrant community of UB Information Technology (UBIT) at an exciting time of growth and innovation. Our team comprises highly skilled and motivated professionals equipped with cutting-edge training and technical resources. Learn and collaborate in an environment that fosters success and supports your professional development. For more information about UBIT, visit our **website**. All duties and responsibilities occur in a 24×7 environment, necessitating flexibility in working hours. Occasional requirement to work extended hours, holidays, or varied hours to meet project demands and deadlines.

Outstanding Benefits:

In addition to professional growth opportunities, UBIT staff have access to benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal, and academic to support your work-life effectiveness. Visit our benefits website to learn about our **benefit packages**.

About UB

The University at Buffalo (UB) #ubuffalo is one of America's leading public research universities and a flagship of the State University of New York system, recognized for our excellence and our impact. UB is a premier, research-intensive public university dedicated to academic excellence. Our research, creative activity and people positively impact the world. Like the city we call home, UB is distinguished by a culture of resilient optimism, resourceful thinking and pragmatic dreaming that enables us to reach others every day. Visit our website to learn more about the **University at Buffalo**.

University at Buffalo is an affirmative action/equal opportunity employer and, in keeping with our commitment, welcomes all to apply including veterans and individuals with disabilities.
