The University of California, Berkeley, is one of the world's leading institutions of higher education, distinguished by its combination of internationally recognized academic and research excellence; the transformative opportunity it provides to a large and diverse student body; its public mission and commitment to equity and social justice; and its roots in the California experience, animated by such values as innovation, questioning the status quo, and respect for the environment and nature. Since its founding in 1868, Berkeley has fueled a perpetual renaissance, generating unparalleled intellectual, economic and social value in California, the United States and the world.

We are looking for equity-minded applicants who represent the full diversity of California and who demonstrate a sensitivity to and understanding of the diverse academic, socioeconomic, cultural, disability, gender identity, sexual orientation, and ethnic backgrounds present in our community. When you join the team at Berkeley, you can expect to be part of an inclusive, innovative and equity-focused community that approaches higher education as a matter of social justice that requires broad collaboration among faculty, staff, students and community partners. In deciding whether to apply for a position at Berkeley, you are strongly encouraged to consider whether your values align with our [Guiding Values and Principles](#), our [Principles of Community](#), and our [Strategic Plan](#).

At UC Berkeley, we believe that learning is a fundamental part of working, and our goal is for everyone on the Berkeley campus to feel supported and equipped to realize their full potential. We actively support this by providing all of our staff employees with at least 80 hours (10 days) of paid time per year to engage in professional development activities. To find out more about how you can grow your career at UC Berkeley, visit grow.berkeley.edu.

Departmental Overview

UC Berkeley's Haas School of Business offers a unique opportunity to champion new ideas, collaborate across boundaries, and continually learn in a workplace committed to increasing diversity and creating a welcoming environment for all. Our distinctive culture is captured within our four [Defining Leadership Principles](#): **Question the Status Quo, Confidence Without Attitude, Students Always, and Beyond Yourself**. These principles distinguish Berkeley Haas as a unique environment, conducive to teamwork, collaboration, and career growth.

For more information about the Haas School of Business visit: <https://haas.berkeley.edu/about/>

This position sits in the Master of Financial Engineering Degree program office. The Master of Financial Engineering Degree is a one-year graduate program for students interested in pursuing careers in quantitative finance, financial technology as well as data science.

The Haas School of Business embraces flexible working arrangements for its employees. Exact arrangements are determined in partnership with your supervisor to meet role responsibilities and department needs, and are subject to change.

Application Review Date

The First Review Date for this job is: 08/02/2024.

Responsibilities

Involves planning, developing, and implementing programs, activities, counseling, and advising focused on students' career development.

- Works with students, alumni, and/or potential employers.
- Researches, designs, and develops workshops and programs to meet the career need of students and alumni including resume critique workshops, cover letter workshops, LinkedIn workshops, and networking workshops.
- Works with other departments/colleges/schools on providing resources to meet students' career needs.
- Coordinates with UC Berkeley central career services to ensure students are tapping into all resources as well as markets UC Berkeley career fairs to students.
- Oversees career program technical systems, and uses thorough knowledge of career program and information systems to build applications and improve web sites and other supporting technologies.
- Coordinates the implementation of any new systems to support career programming.
- Presents sensitive and difficult information about the career program, including presentations to the media, employers and the public.
- Sensitive and difficult information includes but is not limited to information relating to compensation, market color, application and admission statistics, skillsets and backgrounds of students, as well as how students are performing in classes and recruiting processes.
- Establishes and cultivates relationships with corporations and other organizations related to career services for students and alumni to promote student placement into jobs, internships and experiential learning opportunities as well as enhance the organization's relationship with outside organizations.
- Relationships will be built through a combination of networking with alumni and external stakeholders as well as prospecting for new relationships via third party websites such as LinkedIn.
- Maintains and adds contacts to the employer's relations database (CRM System and 12Twenty).

- Develops and oversees delivery of broad and complex career-focused programs and events that incorporate the needs of organization partners and constituents.
- As MFE's utilize a highly technical skillset, programming needs to be both broad enough to be relevant to the entire cohort and multiple partners while complex enough to allow students with specific interests to learn new skills and achieve their career goals.
- Programming may be in areas such as DeFi, machine learning, data science, ESG, coding, on the technical side.
- Develops and implements marketing and outreach programs to promote programs and services including both virtual and in-person career events.
- Provides career counseling in particularly complex areas that require specialized expertise, such as Ph.D. and graduate students who are investigating careers outside academia.
- MFE students are pursuing highly technical careers in areas such as quant trading, quant research, data science, machine learning, risk management among others.
- Furthermore, many students are seeking US based employment for the first time and need additional counseling in how to navigate and be successful in the US hiring market.
- Meets with students one-to-one and in groups to discuss and coach them on their resumes, cover letters, applications and/or interviews.
- Discusses with students/alumni company cultures, career paths, job functions, specific opportunities and helps them in getting the jobs which they seek.
- Researches, evaluates, and updates written and electronic career and educational resources including prospective, current, and incoming students' websites, as well as internal career documentation relating to the career services and job placement process.
- Develops career newsletter including robust list of jobs and internships for which the students can apply
- Works with students on paperwork relating to internship and full-time job placement process.
- Coordinates Berkeley International Office to ensure all paperwork is filled out in a timely manner with respect to CPT, OPT and other career related matters.
- Provides mentorship and coaching to full-time staff direct report (Career 3, Associate Director), student workers, as well as contract workers; owns projects from start to finish whereby full-time staff members, student workers, as well as contract workers may need supervision and oversight.

Professional Learning and Growth

- Embraces the principle of being a "student always" by engaging in opportunities for training, workshops, seminars, continuing education pertinent to the position, or at the suggestion of the supervisor.

Salary & Benefits

This is a 100% full-time (40 hrs a week) exempt career position, which is paid monthly and eligible for UC Benefits.

For information on the comprehensive benefits package offered by the University, please visit the University of California's [Compensation & Benefits](#) website.

Under California law, the University of California, Berkeley is required to provide a reasonable estimate of the compensation range for this role and should not offer a salary outside of the range posted in this job announcement. This range takes into account the wide range of factors that are considered in making compensation decisions including but not limited to experience, skills, knowledge, abilities, education, licensure and certifications, analysis of internal equity, and other business and organizational needs. It is not typical for an individual to be offered a salary at or near the top of the range for a position. Salary offers are determined based on final candidate qualifications and experience.

The budgeted salary or hourly range that the University reasonably expects to pay for this position is \$80,400.00 - \$110,000.00.

How to Apply

- To apply, please submit your resume and cover letter.

Other Information

- This is not a visa opportunity.

Conviction History Background

This is a designated position requiring fingerprinting and a background check due to the nature of the job responsibilities. Berkeley does hire people with conviction histories and reviews information received in the context of the job responsibilities. The University reserves the right to make employment contingent upon successful completion of the background check.

Equal Employment Opportunity

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or protected veteran status. For more information about your rights as an applicant, please see the [U.S. Equal Employment Opportunity Commission](#) poster.
