- Conduct inspection of the facility to determine maintenance needs and recommended priorities for repair based on the particular maintenance program.
- Leading and training other crew members

A Trades Generalist performs journey-level work in one trade, and skilled and semiskilled level work in a combination of other trades in the repair and maintenance of facilities and equipment. The Trades Generalist will function as a skilled worker in a primary trade, and perform a variety of skilled and semiskilled activities in one or a combination of other related trades in response to maintenance program requirements. Trades Generalists have the responsibility of performing a variety of skilled and semiskilled maintenance, repair, installation and construction tasks in the mechanical, building, motor equipment and electrical trades. A Trades Generalist uses the hand tools, portable power tools, shop equipment and measuring and testing instruments appropriate for the craft or crafts to which assigned.

Successful candidates in the position must be able to effectively communicate with coworkers, supervisors and the campus community. This position may require you to work in a team so the candidate should have strong interpersonal and teamwork skills. The candidate must possess and have proven positive customer service skills; must also possess good listening skills and be able to understand and follow written and/or oral instructions.

Since the activities of other employees depend upon the availability of the employee in this position, reliable attendance is a factor that will be considered when filling this vacancy.

This position requires traveling within and between campuses. A valid license to operate a motor vehicle in NYS is preferred, or candidate should otherwise demonstrate his/her capacity to meet the transportation needs of the position.
