Job Description	

Overview

Cummings School of Veterinary Medicine at Tufts University provides 24-hour care for pets 365 days of the year. Since 1985, we have offered high quality medical care, consultation, referral, and emergency veterinary services for the care of dogs, cats and exotic pets. In addition, the hospital creates a positive learning experience for Cummings School of Veterinary Medicine at Tufts University students and student technicians regarding small animal medicine.

What You'll Do

The Veterinary Assistant collaborates with clinicians, residents, interns, technicians, and students to provide exceptional patient care and client service in the Small Animal Hospital. The Veterinary Assistant also serves as a clinical liaison to provide clients with status updates and to address any questions they may have.

- Assist clinicians, students and technicians with restraint, care, and treatment of patients. Anticipate the clinician's needs regarding treatments, restraint, supplies and instruments.
- Provide professional and courteous service to ensure that the highest levels of client satisfaction and patient treatment are always maintained.
- Coordinate patient flow within and between services to expedite each patient's visit.
- Draw blood samples as ordered. Process in-house lab work as directed by a licensed veterinarian.
- Assist with medical record documentation.
- Assist with providing basic animal husbandry and hygiene.
- Serve as a contact for designated service to address clients' clinical questions and concerns. Solicit information from clinician/technician as necessary.
- Assess and address the needs of clients waiting in reception. Keep clients informed of wait times.
- Facilitate the flow of clients for patient visits.
- Greet and escort clients to and from inpatient department.
- Maintain cleanliness of the inpatient department. Sweep and mop as needed.
- Maintain an adequate inventory of supplies including equipment and medications.
- Blood Bank duties: scheduling donations, processing units, organizing paperwork; ordering supplies/blood products.
- Participate in Departmental and Hospital-wide initiatives as required.

Our Inpatient Medicine team is currently seeking an individual to fill an overnight position with a tentative shift of Wednesday - Saturday 2 pm -11:15pm

What We're Looking For

Basic Requirements:

- High school diploma (or the equivalent) and at least one year of related experience.
- Familiarity with medical terminology, veterinary pharmacology, and animal behavior.

- Ability to restrain small animals in a safe, compassionate manner.
- Exceptional interpersonal and communication skills with the ability to interact effectively with co-workers, clinicians, students, staff, and clients.
- Enthusiastic, genuine, empathetic, and self-motivated professional with a positive, upbeat attitude.
- Pride in and commitment to maintaining hospital floor and front lobby areas.
- Basic computer skills including the ability to learn the electronic medical record system.
- Ability to lift to 50 lbs. with or without accommodation.

Preferred qualifications:

- Successful completion of a NAVTA-approved Veterinary Assistant Program.
- Credentialed as a Certified Veterinary Assistant.
- One or more years' experience as a Veterinary Assistant in a veterinary hospital.
- Exotic animal handling skills. Exotic animals include birds, rabbits, ferrets, guinea pigs, rodents, special small mammals (such as chinchillas or hedgehogs), reptiles, and amphibians.

Pay Range

Minimum \$19.20, Midpoint \$22.20, Maximum \$25.40

Salary is based on related experience, expertise, and internal equity; generally, new hires can expect pay between the minimum and midpoint of the range.
