Job Description

The University at Buffalo, [Department of Psychology](#) is seeking a **Project Staff Assistant**. The incumbent will report to the principal investigator (Dr. Jamie Ostrov) and will assist the Project team with the coordination of the daily functions of the research project, while also supporting the in person (interview, observation, psychophysiology) data collection in local child care centers and the lab. This position will also involve data coding, entry, and management as well as supporting the qualtrics electronic data collection platform and all psychophysiology data within the laboratory. This role may also assist with teacher coaching efforts. Incumbent must be able to work independently with moderate supervision, and willing to commit to at least 1 year in the position.

Specific duties will include:

- Coordination of day-to-day functions such as supervision of undergraduate research assistants, lab scheduling, website and database management, and recruitment efforts
