Job Description

The [Department of Medicine](#) and the Division of Cardiology are recruiting for a **Clinical Research Coordinator**. As the Clinical Research Coordinator, you will coordinate various components of multiple clinical research studies.

Primary responsibilities include, but are not limited to:

- Undertake coordinating tasks of clinical research studies.
- Assist investigators in successful recruitment and retention of subjects.
- Guide day-to-day operations of assigned studies, assuring adherence to research protocol.
- Generate accurate reports.
- Resolve queries in a timely manner.
- Enter study data in a timely manner.
- Maintain contact with Principal Investigator, monitoring agency, sponsor, and contracted vendors.
