The ECE Department is starting a one-year project for NSF to develop a framework around the open source project Chipwhisperer (<https://github.com/newaetech/chipwhisperer>), a hardware security testing environment.

JOB DESCRIPTION

The Research Associate will support development of the framework. The following features are desired for the framework:

- A website to share documentation which include PDF documents as well as APIs.
- A repository to organize and share software artifacts, hardware design data, and design examples.
- A virtual collaboration space, such an online forum, to support new users and contributors.

Required Qualifications: Minimum a BS degree with software development experience and a skillset matching the following requirements.

- System administration of a webserver.
- Maintain an online calendar with scheduled events.
- Maintain a user email list.
- Online documentation generation (markdown, readthedocs, SPHINX).
- PDF document management, classification, indexing around 500 publications.
- Set up an online forum (eg discourse).
- Maintain a code base under github.
- Enable collaborative document development (github).
- Experience with side-channel analysis and ChipWhisperer is considered a plus.

FLSA STATUS

United States of America (Exempt)

WPI is an Equal Opportunity Employer that actively seeks to increase the diversity of its workplace.
