Faculty development programming

- Develop and implement workshops and events for faculty members, manage meetings and group tasks and support activities related to faculty development
- Explore and implement innovative ways of designing, conducting and evaluating faculty development programs
- Oversee new faculty orientation programs
- Stay up-to date on research and best practices in faculty development in academic medicine and higher education

Program evaluation and dissemination

- Develop and maintain a program evaluation system to measure the quality and impact of the Faculty Affairs initiatives
- Establish relationships with local and external faculty affairs communities and contribute to the faculty affairs consortia through assisting with dissemination of presentations, peer-reviewed publications, and internal documents and reports
- Assist with the procurement of intra and extramural funds to support program expansion

Supervision and coordination

- Supervise Faculty Affairs interns and student employees;
- Collaborate with the offices of Continuing Medical Education, Medical Education, Graduate Studies, Research Affairs, and other similar offices to develop and maintain a coordinated and targeted approach to professional development for faculty members;
- Act as liaison with the communication office and office of medical computing to maintain our web presence and advertise events and programs
- Manage the budget for faculty development initiatives;

This position reports to the Assistant Dean for Faculty Development, and the Senior Associate Dean for Faculty Affairs.
