We are particularly looking for candidates who can operate effectively in a diverse community of students and faculty and share our vision of helping all constituents reach their full potential. We are committed to developing an excellent and diverse community of scholars and students engaged in education, research, and service. We encourage applications from women, members of historically marginalized groups, veterans, and individuals with disabilities.

About UB School of Nursing

Founded in 1936, UB School of Nursing is a leader in high-quality nursing education and research in a dynamic university setting. Our mission continues our scholarly excellence as we educate clinical leaders, conduct impactful research, and deliver clinical care based upon principles of collaboration, equity, inclusion, and social justice for our region and the world. Our undergraduate programs prepare nurses for expanded professional roles in an increasingly complex and evolving health care environment, and our graduate and advanced certificate programs prepare clinicians, researchers, educators and leaders to provide complex care across settings, educate the next generation of nurses, and advance nursing and health care knowledge.
