### Position Summary

The department of neurosurgery in the Jacobs School is actively recruiting for a laboratory technician. This individual will work closely with the Principal Investigator (PI) in the genomics of cerebrovascular disease.

Job duties include:

- data collection and entry
- assist the PI in report writing and graphical presentation of research
- manage laboratory samples
- run sequencing samples

The individual will also be expected to work in a clinical setting with patient samples.

### Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization.
