Position Summary

The **Laboratory Safety Inspector** performs a wide variety of duties for [UB Environment Health and Safety \(EH&S\)](#).

Duties will include:

- Conduct on-site inspections of UB laboratories. Labs may be designated as research, teaching, or both. Work as part of a 2- or 3-person inspection team.
- Prepare detailed written/electronic lab inspection reports using data obtained from the live inspections. Distribute reports to relevant responsible parties.
- Schedule follow up inspections as necessary to address deficiencies noted in previous inspection reports.
- Interprets and applies Federal and State rules, regulations, and guidelines as they apply to campus labs.
- Verify proper personal protective equipment (PPE) is being utilized during lab work where hazardous material are in use.
- As part of the inspection process, verify training records of lab worker are valid and up to date.
- Stay knowledgeable of all applicable regulations as they pertain to this position.
- Participates as a member of UB EH&S emergency Haz-Mat response team.
- Serves as a back up to the Hazardous Material Technician as needed.
- Work within other EHS departments as needed
