Provide technical support to the Center for Workforce and Community Development for training labs, equipment, software, and computers for non-credit courses and programs. This position can be fast-paced at times and requires excellent time management, problem-solving and troubleshooting skills. This position requires regular interaction with a diverse range of students and business partners.

### Essential Duties & Responsibilities

- Prepare lab equipment for class use - ensure equipment is operational and classrooms or other training spaces are in satisfactory, repaired, and stocked with the necessary materials and tools.
  - Perform functionality tests on tools and equipment as necessary.
  - Organize, store, file, and maintain software, equipment, and tool documentation.
  - Manage inventory of tools and equipment.
  - Troubleshoot equipment and software in Center's workforce labs.
  - Perform routine inventory, maintenance, and repairs of Center tools, equipment, supplies, software, and networks.
  - Perform necessary cleaning of items or locations using standard custodial equipment and/or powered equipment.
  - Assist in marketing events by setting up and configuring equipment, demonstrating equipment, and talking to potential students.
  - Follow safety procedures, maintain a safe work environment, and respond according to established protocols to emergency situations. Additional duties and responsibilities include, but are not limited to:
  - Adhere to Center standards for customer service.
  - Undertake administrative tasks as requested.
  - Travel within the Lee College service area as needed.
  - Perform other duties as assigned College benefits do not accrue with this part-time position.
- Work schedule is not to exceed 19.5 hours per week. This is a security sensitive position.

### Additional Duties & Responsibilities

Perform other duties as assigned.

### Minimum Education, Experience, Knowledge, Skills & Abilities

- High School Diploma or equivalent (G.E.D.)
- Two (2) years of experience as technician or technician helper, including documented self-employment experience

- Instrumentation/Electrical Certification preferred
- Self-starter and the ability to complete assignments within the required timeframe
- Strong technical skills
- Detail-oriented, ability to multitask, and meet deadlines
- Must be able to work independently with limited supervision and collaboratively with diverse populations, groups, and teams
- Excellent interpersonal and problem-solving skills
- Strong organization skills
- Ability to effectively manage multiple competing priorities
- Act with discretion and maintain confidentiality
- Must be able to climb ladders of less than twenty (20) feet
- Must be able to lift and move boxes/items up to forty (40) pounds
- Must be able to travel within the Lee College service area
- Must be available to work early mornings, evenings, and weekends as needed
