Yes

Position Description

Position Overview:

Definition:

Under general direction, performs complex analysis, design, coding, testing, and documentation of computer applications for administrative and student systems related to application upgrades, new programming projects, and application enhancements; provides technical support of administrative and student systems applications.

Supervision Received and Exercised:

Receives general direction from assigned managerial personnel. Exercises no supervision of staff.

Class Characteristics:

This is an advanced journey-level professional classification responsible for defining, developing, and implementing new software systems and major enhancements to highly complex existing software systems. This classification exercises considerable independent judgment and initiative and collaborates with users and other technical staff through the lifecycle of assigned development projects. This class is distinguished from the Programmer/Analyst by the advanced technical work and the provision of technical instruction to lower-level staff. This class is further distinguished from the assigned managerial personnel by the latter's full management responsibility in planning, organizing, and overseeing all programming and development functions and activities.

Examples of Essential Functions(Illustrative Only):

1. Provides technical support, analysis, and programming to ensure complete and appropriate use of the Districts administrative and student systems.
2. Reviews user needs and requests and develops proposed solutions for system enhancements; participates in the development of and ensures adherence to project schedules.
3. Confers with clients to develop program specifications for requirements not met by current systems; obtains information related to needs, objectives, functions, features, and input/output requirements; defines and documents requirements for data, workflow, logical processes, hardware and operating system environment, interfaces with other systems, internal and external checks and controls, and

outputs.

4. Designs, develops, and implements application enhancements while ensuring adherence to standards and procedures for system development, database access, web-based development, change control, and reporting.
5. Assists in developing software and systems to optimize performance of relational database systems, application access, and enhance and support of web applications accessing relational databases.
6. Designs, develops, tests, refines, and implements software that supplements or integrates with system applications; customizes and maintains system objects as required.
7. Writes or modifies documentation describing program development, logic, coding, testing, changes and corrections, and installation and operating procedures.
8. Provides technical assistance by responding to inquiries regarding errors, problems, or questions about programs.
9. Trains users or technical support staff to use programs.
10. Learns and applies emerging technologies and, as necessary, to perform duties in an efficient, organized, and timely manner.
11. Promotes an environment of belonging as it relates to diversity, equity, inclusion, social justice, anti-racism, and accessibility.
12. Provides quality customer service when interacting with the public, vendors, students, and College staff, including individuals from minoritized groups.
13. Supports and abides by federal, state, local policies, and Board Policies and Administrative Procedures.
14. Participates on committees, task forces, and special assignments, including, but not limited to Screening and Selection Committees and mandated trainings as required.
15. Prepares and delivers oral presentations related to assigned areas as required.
16. Performs other related duties as assigned.

Qualifications

Knowledge of:

1. Principles and practices of supporting a diverse, equitable, inclusive, socially just, anti-racist, and accessible academic and work environment.
2. State-of-the-art information systems as applied to large, complex administrative or educational organizational environments.
3. Principles and techniques of computer systems and software architectures.
4. OS-based platforms, including UNIX and AIX.
5. Programming languages, including but not limited to Pro*C, JavaScript, Oracle Forms, Shell Scripting, and PL/SQL.

6. Data warehousing, data modeling, ETL techniques, and Oracle Warehouse Builder.
7. Computer languages used for business and campus applications.
8. Procedures of analysis and design, system development, and computer programming.
9. Use, capability, characteristics, and limitations of computer systems and databases.
10. Principles and procedures of record keeping.
11. Modern office practices, methods, and computer equipment and applications related to the work, including word processing, database, and spreadsheet software.
12. English usage, spelling, vocabulary, grammar, and punctuation.
13. Techniques for providing a high level of customer service by effectively dealing with the public, vendors, students, and District staff, including individuals of various ages, various socio-economic and ethnic groups.

Skills and Abilities:

1. Advocate for and communicate the Colleges vision and commitment to creating a diverse, equitable, inclusive, socially just, anti-racist, and accessible academic and work environment.
2. Participate in addressing gaps in diversity, equity, inclusion, social justice, anti-racism, and accessibility in the recruitment and retention of staff.
3. Participate in providing resources and support towards the goal of a diverse, equitable, inclusive, socially just, anti-racist, and accessible academic and work environment.
4. Analyze informational requirements and needs, identify problems, provide technical advice and consultation and ensure efficient computer system utilization.
5. Analyze data and develop logical solutions to problems.
6. Perform programming in Pro*C, JavaScript, PL/SQL, and a variety of other languages.
7. Organize and prioritize a variety of projects and multiple tasks in an effective and timely manner; organize own work, set priorities, and meet critical time deadlines.
8. Use English effectively to communicate in person, over the telephone, and in writing.
9. Understand scope of authority in making independent decisions.
10. Review situations accurately and determine appropriate course of action using judgment according to established policies and procedures.
11. Establish, maintain, and foster positive and effective working relationships with those contacted in the course of work.

Education and Experience:

Any combination of training and experience that would provide the required knowledge, skills, and

Our Mission: The mission of Mt. San Antonio College is to support all students in achieving their educational goals in an environment of academic excellence. Specifically, the College is committed to providing quality education, services, and workforce training so that students become productive members of a diverse, sustainable, global society. The College pledges to prepare students for lifelong learning through the mastery of basic skills, the achievement of associate degrees and certificates, and the completion of career and transfer pathways. The College will carry out this commitment by providing an engaging and supportive teaching and learning environment for students of diverse origins, experiences, needs, abilities, and goals. The College is dedicated to serving our community through improving economic achievement, advancing civic engagement, enhancing personal well-being, promoting critical thinking, and enriching aesthetic and cultural experiences.

Our Vision: Mt. San Antonio College strives to be regarded as one of the premier community colleges in the nation. We will be viewed as a leader in community college teaching, programs, and services. As a premier community college, we will provide access to quality educational programs and services, focusing on student success within a climate of integrity and respect. We will earn this reputation by consistently exceeding the expectations of our students, our staff, and our community.

The College is an equal opportunity employer. The policy of the College is to encourage applications from ethnic and racial minorities, women, persons with disabilities, and Vietnam-era veterans. No person shall be denied employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex (gender), age, sexual orientation, or the perception that a person has one or more of these characteristics.
