### Departmental Overview

UC Berkeley's University Health Services (UHS) is a comprehensive college health service providing fully accredited primary medical care, counseling and psychological services, and innovative health promotion programs for students, faculty, and staff. UHS provides on-campus medical care and coordinates supplemental needs for off-campus care through a network of community specialists and hospitals. The Clinical Services Program within the UHS includes urgent care, primary care and specialty clinics, laboratory, pharmacy, physical therapy, radiology, and a major medical insurance plan.

Approximately 65,000 visits occur annually including Primary Care, Urgent Care, Occupational Health and Specialty Clinics. Services are designed to enable students to get the most from their educational experience, minimizing the impact of illness, injury and emotional distress on their academic career. Medical care and wellness programs are available to faculty and staff to meet their occupational health needs and minimize lost work time. These visits generate ancillary encounters with the Radiology, Clinical Laboratory, Physical Therapy and Pharmacy departments. The Counseling and Psychological Services department sees an additional 15,000 visits per year.

### Application Review Date

The First Review Date for this job is: 7/9/25. This job will remain open until filled.
