### Position Overview

Starting Salary Range is \$65,124 -\$74,890. The initial salary offer is commensurate with education and related work experience.

The Programmer/Analyst is responsible for supporting and maintaining the Oracle/Peoplesoft Student Administration Campus Solutions, HR, Payroll, and Financial software systems. Support database migrations, integrations with third-party apps, updates and fixes, customizations, and functional users requests as necessary.

### Essential Duties & Responsibilities

- Process Apply Texas applications and EDI Transcripts.
- Process and troubleshoot CBM State reports, as well as Federal reports.
- Troubleshoot issues with Oracle/PeopleSoft processes.
- Develop and support new processes designed to improve efficiency in our business procedures.
- Develop procedures to extract report information for various departments.
- Integrate third party application with our Oracle/PeopleSoft system. Continue support of these systems.
- Setup and maintain integration points between PeopleSoft products.
- Manage Integration Broker between PeopleSoft applications.

### Additional Duties & Responsibilities

- Create queries for individual and public use.
- Reapply modifications and maintain queries after system upgrades.
- Enhance programming skills by attending appropriate conferences and taking classes as needed.
- Administrator of document management system, OnBase.
- Perform other duties as assigned.

### Minimum Education, Experience, Knowledge, Skills & Abilities

- Bachelor's degree (or higher) in a related field
- One (1) year of related work experience
- Advanced computer skills and understanding of network file sharing
- Able to work with functional leads to collaboratively develop functional requirements for new
