Staff Research Associate 1 (9613C) - 81053

About Berkeley

At the University of California, Berkeley, we are dedicated to fostering a community where everyone feels welcome and can thrive. Our culture of openness, freedom and belonging make it a special place for students, faculty and staff.

As a world-leading institution, Berkeley is known for its academic and research excellence, public mission, diverse student body, and commitment to equity and social justice. Since our founding in 1868, we have driven innovation, creating global intellectual, economic and social value.

We are looking for applicants who reflect California's diversity and want to be part of an inclusive, equity-focused community that views education as a matter of social justice. Please consider whether your values align with our [Guiding Values and Principles](#), [Principles of Community](#), and [Strategic Plan](#).

At UC Berkeley, we believe that learning is a fundamental part of working, and provide space for [supportive colleague communities via numerous employee resource groups](#) (staff organizations). Our goal is for everyone on the Berkeley campus to feel supported and equipped to realize their full potential. We actively support this by providing all of our full-time staff employees with at least 80 hours (10 days) of paid time per year to engage in professional development activities. Find out more about how you can [grow your career](#) at UC Berkeley.

Departmental Overview

The Department of Integrative Biology (IB) is an Instruction and Research unit within the Division of Biological Sciences, College of Letters and Science. IB's teaching and research activities focus on both the integration and diversity of structure and function in and among living systems, encompassing a full spectrum of biological organization (i.e., from molecular to biosphere) for organisms ranging from viruses to plants and animals.

Position Summary

A Staff Research Associate position is immediately available in the Vazquez-Medina Lab. Our lab investigates the role of redox biology in physiological adaptation and disease. The successful applicant will support a team working on NIGMS-funded research aimed at elucidating the cytoprotective contributions of the antioxidant protein peroxiredoxin 6 (Prdx6) to various pathophysiological conditions.

Application Review Date

The First Review Date for this job is: 09/22/2025.

Responsibilities

Mouse colony management.

- The lab has a mouse colony consisting of 6 strains.
- The SRA will be responsible for maintaining the colony, including breeding animals, genotyping, keeping adequate records and ensuring that sufficient animals are available for experimentation.

Support ongoing animal experimentation.

- The lab is preparing to conduct two large scale animal experiments.
- The SRA will provide support to the postdoc leading these experiments.
- Tasks include IP injections, GGT and help dissecting animals at the end of the experiments.

Support ongoing wet lab work.

- The SRA will support the PI with ongoing wet lab work.
- Tasks include keeping cell lines and conducting activity assays with recombinant proteins.

Support general lab upkeep.

- The SRA will support the team by helping with general lab chores.
- Tasks include ensuring liquid nitrogen levels are maintained, inventory is well stocked and trash is properly disposed.

Required Qualifications

- Rodent handling.
- Mouse genotyping.
- Wet lab (biochemistry/molecular biology).
- General understanding of redox biology.
- More than 1 year of experience handling laboratory rodents and conducting wet lab work and/or equivalent experience/training.

Salary & Benefits

For information on the comprehensive benefits package offered by the University, please visit the University of California's [Compensation & Benefits](#) website.

Under California law, the University of California, Berkeley is required to provide a reasonable estimate of the compensation range for this role and should not offer a salary outside of the range posted in this job announcement. This range takes into account the wide range of factors that are considered in making compensation decisions including but not limited to experience, skills, knowledge, abilities, education, licensure and certifications, analysis of internal equity, and other business and organizational needs. It is not typical for an individual to be offered a salary at or near the top of the

range for a position. Salary offers are determined based on final candidate qualifications and experience.

The budgeted hourly range that the University reasonably expects to pay for this position is \$26.52 (Step 1) - \$31.64 (Step 9).

- This is a non-exempt, biweekly-paid position.

How to Apply

- To apply, please submit your resume and cover letter.

Other Information

This position is governed by the terms and conditions in the agreement for the Research Support Professionals Unit (RX) between the University of California and the University Professional and Technical Employees (UPTe). The current bargaining agreement manual can be found at: <http://ucnet.universityofcalifornia.edu/labor/bargaining-units/rx/index.html>

- This is not a visa opportunity.

SB 791 and AB 810 Misconduct Disclosure Requirement: As a condition of employment, the final candidate who accepts a conditional offer of employment will be required to disclose if they have been subject to any final administrative or judicial decisions within the last seven years determining that they committed any misconduct; received notice of any allegations or are currently the subject of any administrative or disciplinary proceedings involving misconduct; have left a position after receiving notice of allegations or while under investigation in an administrative or disciplinary proceeding involving misconduct; or have filed an appeal of a finding of misconduct with a previous employer.

"Misconduct" means any violation of the policies or laws governing conduct at the applicant's previous place of employment, including, but not limited to, violations of policies or laws prohibiting sexual harassment, sexual assault, or other forms of harassment, discrimination, dishonesty, or unethical conduct, as defined by the employer. For reference, below are UC's policies addressing some forms of misconduct:
