Posted Sep. 22, 2025, set to expire Jun. 30, 2026

Seeking to fill a temporary Research Scientist position to work in the Functional Biomaterials Lab at WPI on drug delivery research using silk fibroin and metallic nanomaterials.

JOB DESCRIPTION

The role will also include training and support of ongoing research personnel. Applications should have extensive experience evidenced by completed PhD level research focusing on processing silk fibroin into various form factors for biomedical applications.

This is a grant funded, on-site maximum 10 hours per week position.

To apply, please submit a resume for consideration.

FLSA STATUS

United States of America (Non-Exempt)

WPI is an Equal Opportunity Employer. All qualified candidates will receive consideration for employment without regard to race, color, age, religion, sex, sexual orientation, gender identity, national origin, veteran status, or disability. It seeks individuals from all backgrounds and experiences who will contribute to a culture of creativity, collaboration, inclusion, problem solving, innovation, high performance, and change making. It is committed to maintaining a campus environment free of harassment and discrimination.
