Position Summary

The University at Buffalo, a distinguished public research institution and the State University of New Yorks flagship university, is seeking two talented and motivated **Application Developer Analysts** to join the [Enterprise Application Services](#) unit. As an integral member of one of Western New Yorks largest and most innovative IT organizations, the Application Developer Analyst will play a key role in designing, developing, and maintaining cutting-edge software solutions for enterprise applications. These are campus-based positions with the possibility of hybrid work.

Responsibilities Include:

Software Development:

- Design, develop, test, and maintain application software for UBs enterprise systems.
- Document software specifications to ensure clarity and maintainability.

Collaboration in Agile Environment:

- Work collaboratively with team members and customers in an Agile environment, fostering effective communication and iterative development.

Customer Interaction:

- Work directly with customers to develop specifications, ensuring a clear understanding of requirements.
- Engage with end-users to gather feedback and address user needs.

Quality Assurance:

- Perform code reviews to ensure adherence to coding standards and best practices.
- Conduct quality assurance activities to ensure the reliability and efficiency of developed applications.

Web Development Techniques:

- Understand and utilize contemporary web development tools and techniques to create scalable and secure solutions.

Posted Oct. 23, 2025, set to expire Aug. 4, 2026

Technology Adoption and Innovation:

- Stay informed about new technologies, tools, and industry trends.
- Identify and implement opportunities to improve enterprise IT services through the integration of innovative solutions.

Additional Information:

It is a great time to join **UB Information Technology (UBIT)**! Our staff are highly skilled and motivated to succeed and have cutting-edge training and technical resources at their disposal. For more information about UBIT visit our [website](#). All the duties and responsibilities listed above continue to occur in a 24/7 environment, therefore, working extended hours, holidays, or varied hours may be required.

Learn More:

- Our [benefits](#), where we prioritize your well-being and success to enhance every aspect of your life
- Being part of the [University at Buffalo community](#)

University at Buffalo is an affirmative action/equal opportunity employer and, in keeping with our commitment, welcomes all to apply including veterans and individuals with disabilities.

Minimum Qualifications

- Bachelors degree with 3 years of experience in the **Information Systems** field (includes internships and relevant projects) or a Masters Degree with 1 year of experience in the Information Systems field. A combination of education and experience will be considered.
- Applicants must be currently authorized to work in the United States on a full-time basis without visa sponsorship.

Preferred Qualifications

- A degree in a technical field
