General Statement

The Web Administrator is entrusted with the seamless maintenance and updating of the college's Drupal environment. They will work closely with Institutional Communications to ensure the site back-end meets their needs, and provide any support needed to facilitate changes or updates. Additionally, the administrator will oversee the SharePoint online infrastructure, designing and maintaining sites as requested. They address performance, availability, and capacity issues with precision, perform diligent monitoring and troubleshooting of the SharePoint environment. They create and maintain detailed documentation, such as policies, procedures, and user guides, for the web and SharePoint online. They provide technical assistance to college staff, and perform related work as required.

Supervision Received

The Systems Analyst - Web Administrator reports to the Director of Information Systems and secondarily to the Executive Director of Strategic Communications and Public Relations

Supervision Exercised

None

Duties and Responsibilities

- Manage and maintain the Drupal environments, plugins, and add new features as needed.
- Identifying and troubleshooting website technical issues.
- Assist in maintaining and updating website content as necessary.
- Installing, configuring, and upgrading SharePoint systems.
- Setting up and managing user accounts and permissions where necessary.
- Designing and implementing SharePoint infrastructure.
- Developing and managing content databases and site collections.
- Ensuring Drupal(website) and SharePoint system security and stability, addressing any issues related to performance, availability, or capacity.
- Monitoring and analyzing website and SharePoint site statistics as needed.
- Performing monitoring and troubleshooting of the Drupal and SharePoint environments.
- Creating and maintaining documentation for SharePoint policies, procedures, and user guides.
- Works with third-party resources as needed to support the business systems of the college.
- Providing customer service to college personnel with the use of the Web applications, SharePoint Sites, and any Information Systems applications.
- Collaborates with Institutional Communications to ensure system cohesion between the web,
