Austin Community College is a public two-year institution that serves a multicultural population of approximately 41,000 credit students each Fall and Spring semester. We embrace our identity as a community college, as reflected in our mission statement. We promote student success and community development by providing affordable access, through traditional and distance learning modes, to higher education and workforce training, including appropriate applied baccalaureate degrees, in our service area.

As a community college committed to our mission, we seek to recruit and retain a workforce that:

- Values intellectual curiosity and innovative teaching
- Is attracted by the college's mission to promote equitable access to educational opportunities
- Cares about student success and collaborates on strategies to facilitate success for populations including; first generation college students, low-income students, and students from underserved communities.
- Focused on student academic achievement and postgraduate outcomes
- Welcomes difference and models respectful interaction with others
- Engages with the community both within and outside of ACC

Job Posting Title:

Technician, Senior IT (Computer Support)

Job Description Summary:

Maintains, installs, supports, and manages Austin Community College (ACC) computer, telecom, and network infrastructure systems and equipment; provides professional-level network support functions and customer assistance services.

Job Description:

Description of Duties and Tasks

Essential duties and responsibilities include the following. Other duties may be assigned.

1. Provides technical support for all faculty/staff, and general academic computers; training and assistance to faculty and staff in ACC departments; analyzes problems and implements solutions
