Job Description

The [**Center for Assistive Technology \(CAT\)**](#) at the University at Buffalo seeks an **Assistive Technology Evaluator and Instructor**. CAT explores the functional utility of Assistive Technology (AT) devices and services in support of persons with disabilities.

Our client service programs deliver assessment, training, demonstration, and loan services to facilitate computer and environmental access in the context of school, work and independent living goals. Activities integrate multiple disciplines and span economic sectors to improve the quality of life for persons with any level of impairment, across all ages and within any environment.

For this position, employee will provide assistive technology evaluations and trainings for children and adults with disabilities including those who are blind, have vision impairments, mobility impairments,
